Subject: "ASBESTOS AND HEALTH IN 1969"

At your request, I contacted Jim Reis regarding distribution of the above booklet by Dr. Wright, which I have attached for your reference.

Jim tells me that the booklet was generally distributed by AFD salesmen but that no records exist as to the customers who received it. He also stated that this book was part of the AIA 1970 information package which was broadly distributed and that it was used after that date in all health-related meetings.

Please return this memo and the attached book for my files.
